Bridge to Bangladesh

Revinr IT Ltd

How The Platform will Work

Networking Workflow

1. User Onboarding & Profile Creation
2. Profile Verification
3. Discovery & Search
4. Express Interest & Follow
5. Intent-Based Connection Request
6. Moderated Communication
7. Collaboration & Engagement
8. Collaboration & Relationship Building

Donation & Impact Journey

1. Discovers a Cause or Campaign
2. Selection & Fund Categorization
3. Secure Compliant Payment Platform
4. Acknowledgment & Receipts
5. Financial Transparency
6. Impact Updates & Reporting
7. Long-Term Trust & Retention

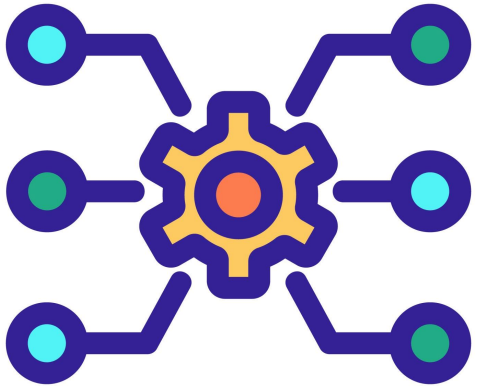

Governance & Moderation

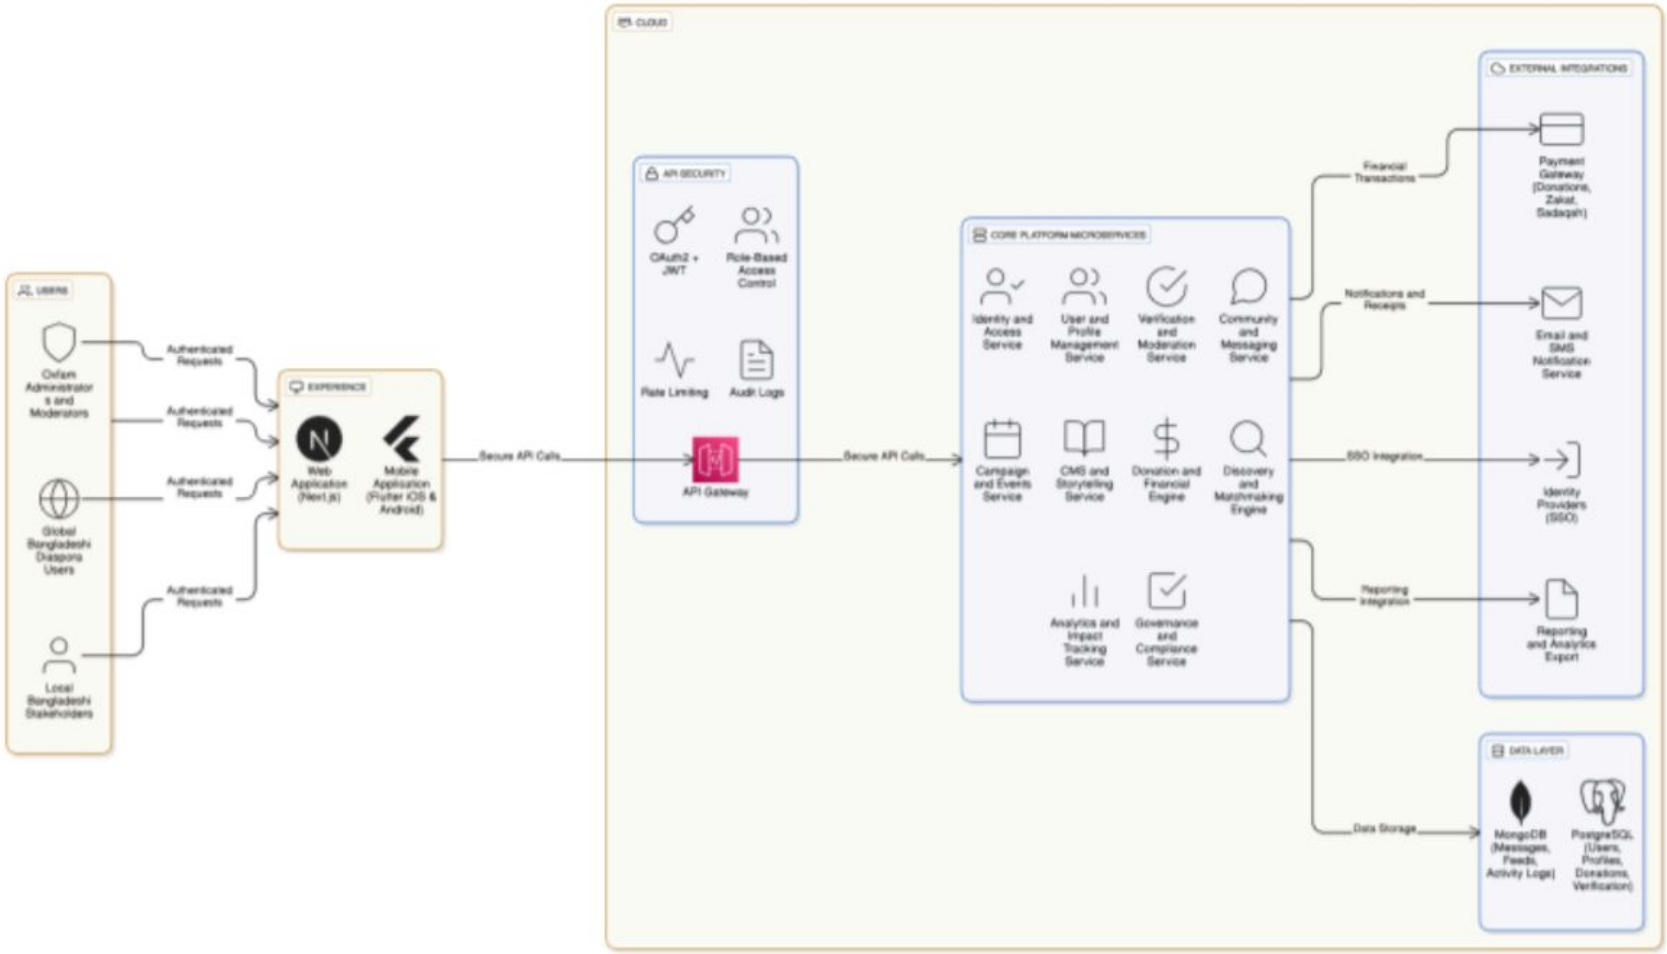

1. User Profile Review & Verification
2. Content & Community Monitoring
3. Flagging & Safeguarding Controls
4. Admin Action & Enforcement
5. Audit Logging & Compliance Oversight
6. Governance & Strategic Oversight

Core Functional Modules

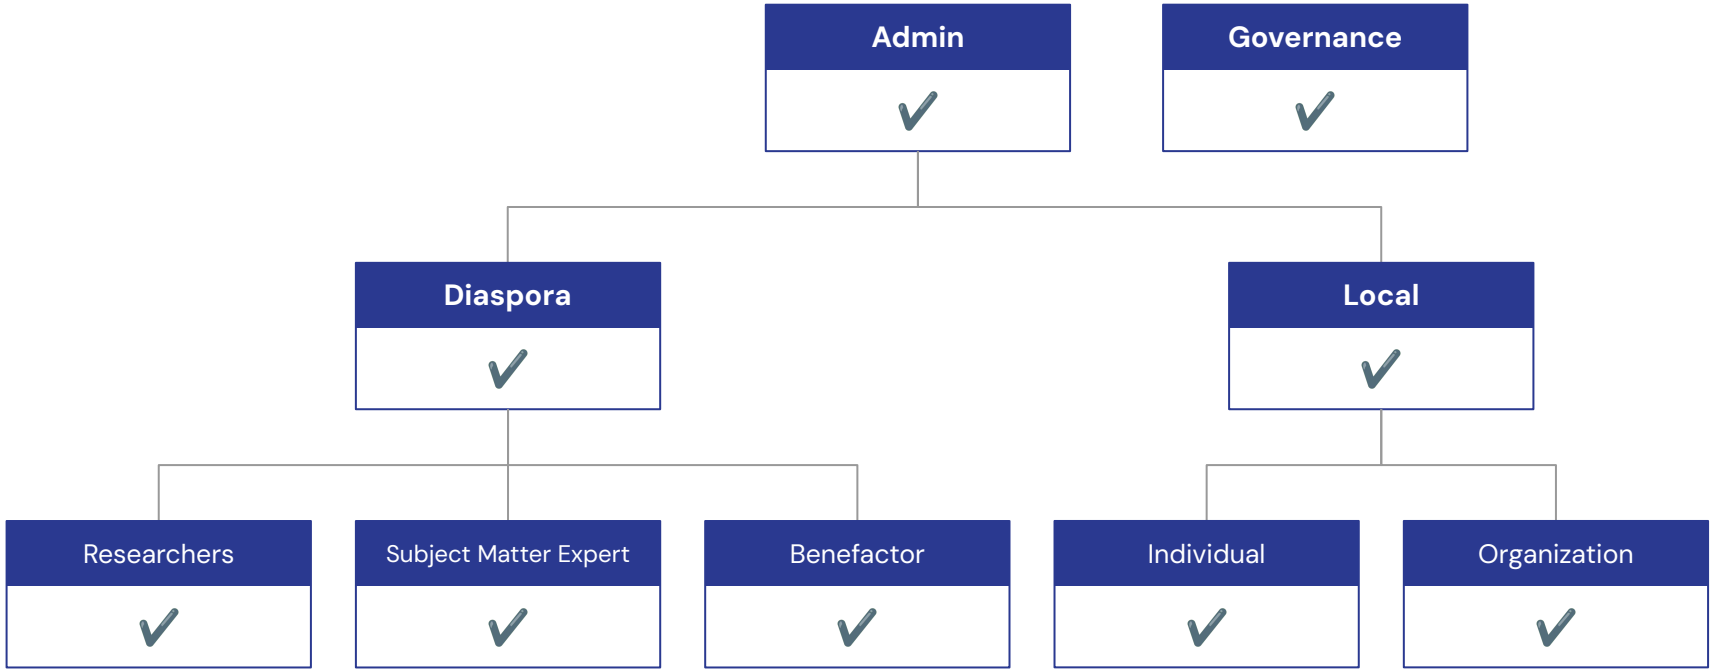

1. User & Identity Management
2. Diaspora & Local Profiles
3. Discovery & Search Module
4. Matchmaking & Connection Engine
5. Community & Communication Module
6. Campaigns, Events & Advocacy
7. Content & Storytelling Hub (CMS)
8. Donation & Fundraising Readiness
9. Analytics & Impact Dashboard
10. Governance, Moderate & Compliance

Who Are The Users?

User Hierarchy

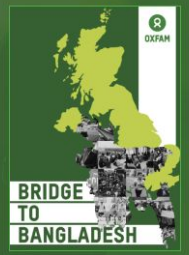

Proposed Solution

Diaspora Users

What They Will Do

- Create profiles with interests and expertise
- Engage with local initiatives, entrepreneurs, and community
- Express interest, follow sectors, and connect with interested entities
- Contribute in campaigns, events, dialogues, and advocacy opportunities
- Donate or pledge support (including Zakat/Sadaqah)
- Engage through moderated messaging and community interaction
- Track personal engagement and contribution impact

Platform that help Bridging To Bangladeshi Underprivileged Peoples.

Matching Algorithm Settings

Configure how diaspora members are matched with organisations

Total: 100% ✓

Matching Weight Distribution

Adjust the importance of each factor in the matching algorithm

Expertise Overlap 30%

How well diaspora skills match organisational needs

SDG Alignment 25%

Overlap in Sustainable Development Goal focus areas

Availability Match 20%

Time commitment and schedule compatibility

Regional Relevance 15%

Geographic familiarity and local knowledge

Engagement Mode 10%

Preferred collaboration method (remote, hybrid, on-site)

Reset to Default | Save Configuration

Best Practices

- Expertise overlap typically drives the best matches (25-35%)
- SDG alignment ensures mission compatibility (20-30%)
- Balance technical fit with practical considerations
- Changes apply to all future matching calculations

Current Impact

These weights have generated:

- **156** active matches this month
- **87%** acceptance rate
- **4.6/5** average satisfaction score

Governance

What They Will Do

- Set governance, safeguarding, and accountability
- Moderation policies and risk management
- Financial transparency and compliance
- Review impact, outcomes, and strategy
- Support decision-making on platform futures
- Institutional credibility and long-term ownership
- Platform trust, safety, and integrity globally

Thank You
